

Hello!

We are Katie, Nicola and Lauren – the Colin Schools Project Speech Therapy Team.

We provide Speech and Language Therapy in 7 local primary schools to help develop the speech, language and communication skills of P1 and P2 children.

This is a new and exciting way of working and research suggests that when Speech and Language Therapists and school staff work together all children will benefit.

The Speech and Language Therapist and Speech and Language Therapy Assistants will provide therapy in school for those P1 and P2 children who need Speech and Language Therapy. This may be on a 1:1 basis or in a small group setting.

Alongside this there will be whole class speech and language programmes. Activities will include tasks to develop attention and listening skills, vocabulary and skills important for learning to read and write, e.g. rhyming.

If you would like to know more about the service, or think your child would benefit from Speech and Language Therapy, then please do not hesitate to call us on 07714917445.

Katie, Nicola and Lauren.
